

LOCKER CARTRIDGES

High-quality insert cassettes in the current design suitable for modern locker systems. The two-part handle The cassette grips and closes securely while transporting.

- External dimensions can be found in the table
- Materials: Base 0.5 mm sheet steel powder coated
- Plastic frame, lid and handle off impact polystyrene

Automatic rental space for the transport of Locker cassettes to the customer counter.

Thanks to our modern machinery and a many years of experience, we manufacture highest precision. Our CNC machines allow runs from Single piece up to the high series.

The elaborate surface refinement of all manufactured components is carried out in our own powder coating system.

| Height | Width | Depth |
|--------|--------|--------|
| 43 mm | 250 mm | 385 mm |
| 68 mm | 250 mm | 385 mm |
| 93 mm | 250 mm | 385 mm |
| 143 mm | 250 mm | 385 mm |
| 193 mm | 250 mm | 385 mm |
